#### Opportunity Description

---

- Provide field review and inspection support to a team of project managers, engineers, and inspectors on a wide range of civil engineering design assignments. Working closely with a project manager, engineer or senior inspector, this role would include field inspection services and associated office support work for the review and documentation of civil construction works.

#### Required Qualifications

---

- Completed Diploma in Construction Inspection, Civil Engineering Technology, or a related field.
- 1-2 years of previous experience in inspection in a civil engineering environment.
- Proficient with MS Office Suite (Word, Excel, Outlook).
- Valid Class 5 Driver's License.

#### Other Skills + Abilities (an asset, but not required)

---

- Attention to detail and an ability to consistently produce complete and accurate work.
- Ability to learn on the job and apply new knowledge effectively.
- Strong organization and time management skills.

#### Future Career Outcomes / Pathways

---

- Career advancement in a technical role focused on inspection of civil works.
